In a landmark moment for healthcare and educational development, a gathering of national significance took place in **Ikere-Ekiti, Ekiti State**, on Tuesday, May 26, 2026, as distinguished personalities witnessed the commissioning of the **Chief Wole Olanipekun Digital Centre at Amoye Grammar School** and the **unveiling of the NewCruse Mother and Child Maternity Complex**, both generously donated by our Principal Partner, **Chief Wole Olanipekun, CFR, SAN, and family**.

Chief Wole Olanipekun Digital Center, Amoye Grammar school.

The project was conceived to enhance the quality of education and create a more conducive learning environment for students. Recognising the growing importance of technology in modern education, the initiative included the provision of a new set of computers equipped with advanced learning software and resources. This investment is aimed at improving digital literacy, enriching the learning experience, and equipping students with the skills required to thrive in an increasingly technology-driven world.

The landmark project attracted the presence of several distinguished personalities within the state and received widespread commendation from the school management, staff, and students. Many described the initiative as a significant contribution to educational development, noting its potential to improve learning outcomes and strengthen the overall educational system. The project was widely praised as a forward-looking intervention that will positively impact both present and future generations of students.

NewCruse Mother and Child Maternity Complex

The landmark project was conceived as part of ongoing efforts to address maternal and infant mortality rates in Nigeria while creating a safe and conducive environment for pregnant women to receive quality healthcare before, during, and after childbirth. The over 30-bed maternity complex stands as a reflection of intentional investment in healthcare delivery and community development.

Equipped with modern, top-tier medical equipment and instruments, the facility also houses furnished wards, office support facilities, ancillary installations, and a well-structured environment designed to cater to the medical needs of women, children, and other individuals requiring care.

The commissioning ceremony drew commendation and goodwill messages from notable personalities across the country, including President Bola Ahmed Tinubu, GCFR, Commander-in-Chief of the Armed Forces of the Federal Republic of Nigeria, who praised the donor and his family for their remarkable contribution to the healthcare sector. The President described the maternity complex as a state-of-the-art facility built to provide first-rate healthcare services for the benefit of the people.

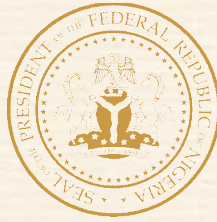

The building was officially commissioned by former Governor of Osun State, Chief Bisi Akande, CFR, in the presence of eminent dignitaries, including Ekiti State Governor, Biodun Oyebanji, and his Deputy, Chief (Mrs.) Monisade Christianah Afuye; Ondo State Governor, Lucky Aiyedatiwa; the Honourable Minister of Health and Social Welfare, represented by Dr. Kolawole Ogundipe; the Commissioner for Health, Ekiti State, Dr. Banji Filani; the Ooni of Ife, Oba Adeyeye Enitan Ogunwusi (Ojaja II); former governors; traditional rulers; health practitioners; members of parliament; and several other respected personalities.

Widely commended by speakers and stakeholders at the event, the project was celebrated as a timely and impactful investment in the nation's healthcare sector. Beyond strengthening healthcare delivery in Ekiti State, the NewCruse Mother and Child Maternity Complex represents a lasting legacy of compassion, service, and an unwavering commitment to the preservation of life and the wellbeing of humanity.

GOODWILL MESSAGES

SALUTE TO CHIEF WOLE OLANIPEKUN, A REMARKABLE PHILANTHROPIST

I congratulate Chief Wole Olanipekun (SAN) for the donation of this outstanding Newcruse Mother and Child Maternity Complex to the Ikere-Ekiti community. The complex is a new addition to the many impactful projects he has bequeathed to posterity in different spheres.

Chief Olanipekun has been a shining example of public-spirited Nigerians who continue to use their personal resources to uplift people and communities, creating generational and lasting goodwill.

As a senior lawyer and community leader, a son of Ikere and a citizen of Nigeria, he has excelled beyond the imagination of any human being. He is a leading light of the legal profession in Nigeria and around the world, a worthy example of a patriot, giver and a humanist.

Newcruse Mother and Child Maternity Complex is a continuation of philanthropic endeavours by Chief Olanipekun and his family that have been positively changing lives for several decades. I am particularly happy to know the extent and level of the Wole Olanipekun Foundation's impact in advancing human development through scholarships to deserving undergraduates and Law Students, and in social empowerment of the poor and vulnerable among us.

Chief Olanipekun's footprints are most outstanding for his investment in the educational sector and for advancing his Christian faith whilst promoting social integration and inclusion within his Ikere community, Ekiti State, and Nigeria at large.

The Newcruse Mother and Child Maternity Complex is a state-of-the-art facility built to provide first-rate service to all who will use it. My charge to the government of Ekiti State and the people of Ikere is to take ownership, ensure proper use, and preserve the facility for continuous improvement and a centre of medical excellence for the present and future generation.
